

Long Island Woodturner's Association

2007

Volume 18 Issue 12

Long Island Woodturner's Association

LIWA is a chapter of the American Association of Woodturners. Our purpose is to foster a wider interest and appreciation of woodturning on Long Island and in the metropolitan area. We meet the third Saturday of each month from 9:00 AM to Noon at BOCES, Wilson Tech Campus in Dix Hills. See the calendar for scheduled meetings for 2005 in our current club newsletter.

Directions

Take the LIE to Exit 51 (Deer Park Ave). Go east on the Service Road 1 block and turn right onto Westminister Ave. Turn left into BOCES Wilson Tech Campus and go to Building "D".

2007 Club Officers

President	Ken Deaner	(516) 239-7257
Vice President	Steve Fulgoni	(631) 421-8664
Secretary/Newsletter	John Kowalchuk	(631) 234-1999
Treasurer	Joe DeMaio	(516) 766-5189
Program Chairmen	Joel Rakower	
	Pete Richichi	(631) 218-2481
Librarian	Doug Ruggiero	(631) 981-6775
Webmaster	Marty Mandelbaum	(631) 331-3607

The Club offers a wide range of opportunities for its members to improve their turning techniques and enjoy the company of other turners. There are demonstrations at our Club meetings. Renowned guest turners do 6 hour workshops several times during the year at a nominal expense to club members. A free video and text library is available for their use. Members are invited to participate in our monthly wood raffle. All members are encouraged to bring samples of recent work to our 'SHOW & TELL' and become active participants. The Club participates in the American Association of Woodturners and encourages its members to join our parent organization. Many members attend their yearly symposium.

Visit our Club's website and meet our members at www.liwoodturners.org. Our site is maintained by **Marty Mandelbaum** who you can e-mail at martymande@gmail.com.

Club Calendar

The next club meeting will be held on **January 19, 2008** beginning at 9:00 am.

Club members **Joel Rakower** and **Joe DeMaio** will be demonstrators.

2008 UPCOMING GUEST TURNERS

Keith Tompkins Mark St. Leger

The dates and topics of these two master turners' will be finalized and announced in upcoming issues of the Newsletter.

Mid Monthly Meeting –

January 8, 2008
Norm Abrams' house in Huntington
9:00am

CLUB MEETING NOTES

LIWA Dues

As January 1, 2008 approaches, it serves as a reminder that the LIWA annual dues of \$25 should be given to **Treasurer Joe DeMaio** as soon as possible.

Lapel Microphone System

Club member **Steve Fisher**, will report on the cost of purchasing a lapel microphone system that can used during club demonstrations. This lapel mike will enable the demonstrator to speak at a normal voice and allow for the listeners to hear comfortably.

Club Mentoring

Many experienced LIWA members are willing and able to help with any concerns regarding tool techniques, design, sharpening etc. that you may have.

Steve Fulgoni and **Ken Deaner** met with several club members for an hour or so before the meeting to work on bowl turning, the use of various gouges and sharpening techniques.

If you have questions and would like some assistance in any area of woodturning, please contact President Ken Deaner or Steve Fulgoni and they will be happy to arrange for some experienced member to answer questions and to make your turning time more productive.

+++++

Elections 2008

A vote will be taken to change the by-laws and allow the President and Vice-President to hold office for more than two consecutive one year terms.

A vote will also be taken to elect nominated candidates for 2008.

The nominees are:

President	Ken Deaner
Vice President	Martin Rost
Secretary	John Kowalchuk
Treasurer	Joe DeMaio

It is very important that each LIWA member vote for the change in the by-laws (as mentioned in the November,'07 Newsletter) and for the nominees. We must have over one half of the membership voting yes to change the by-laws and to elect officers.

The vote will be taken at the January 19, 2008 meeting.

If you are unable to attend the meeting, you can vote by contacting Secretary John Kowalchuk by e-mail or phone and cast your ballot. The Club Secretary will forward your vote to be included in the January 19th tally.

(631) 455-1590 howzbyu@pafcu.net

+++++

WELCOME NEW LIWA MEMBERS

Welcome to our three new members,
**Don Mogelesky , Bette Adamo,
and Deb Monteleone**

Thanks to **Ken Deaner** for bringing in the delicious assortment of goodies for the annual Holiday breakfast.

Huntington Library Show

Carl Saenger read a letter of thanks and praise from the Huntington Library Outreach Services. Representative Nancy Freeman was appreciative of our donating members' pieces for the month of October, '08' and looks forward to filling their display cases with our work in 2008 also.

Thanks to Carl for collecting and delivering the many pieces to the Huntington Library for their month long display.

\$

Treasurer **Joe DeMaio** reported that the LIWA treasury balance is **\$ 2,344.61**

\$

Len Mulqueen-Tulipwood box with stave construction, large walnut bowl w/ lid

Chas. Panzner- segmented box wild. Thanks to Charlie for donating many wood blanks for the club raffle.

Rene Perez-segmented bowl curly maple & tulipwood

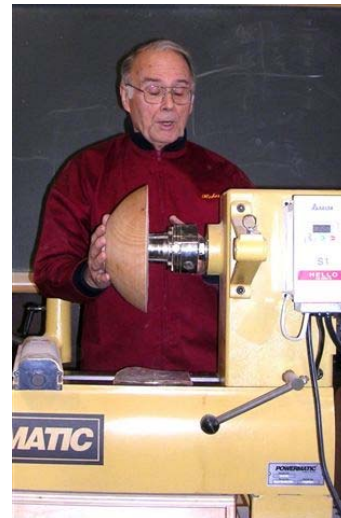

Les Hoffman- his first completed bowl-wood of unknown species

Pete Richichi-Fairhaven beech bowl

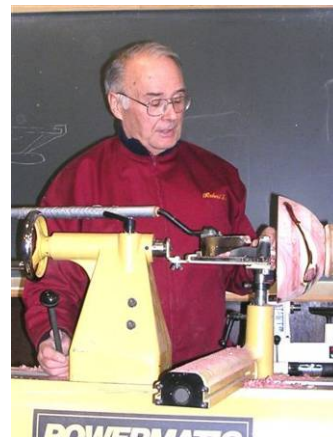

December Demonstrator Don Lindsley

Club member Don Lindsley demonstrated the use of three different coring systems.

During each coring demonstration, Don included key points about each coring tool. Before purchasing any one of these systems, it is important to "test drive" several and determine which system suits your needs.

Woodcut

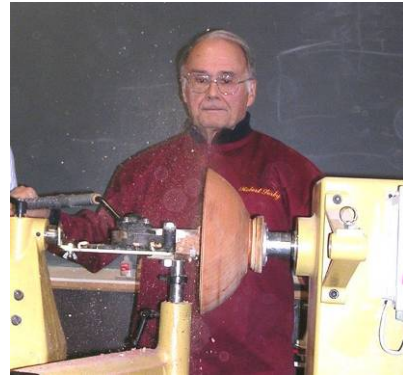

"Easy to use"
Good for lathes 12" or smaller
Approx \$275
Alignment is critical for a successful cut

Oneway

About \$500
Comes with 4 different blades
User friendly
Oneway system allows tailstock to be brought up to the blank
Care must be taken not to bend knives.
Banjo needs to be adjusted often.

McNaughton

Select knives that will fit the desired blank.
Cutting tips are welded
Sharpening can be done with a diamond card
Mike Mahoney's video on this system is very helpful.
Mahoney suggests that widening the kerf is very helpful to prevent binding.
Align tip of the cutting blade right of the center line before starting the coring cut.
Lots of torque created with this system.
Placement of the cutting tip is by eye.
Sighting down the cutting tip is helpful with beginning the cut.
Cutting tip should be lubricated to prevent binding.

Woodcut

Oneway

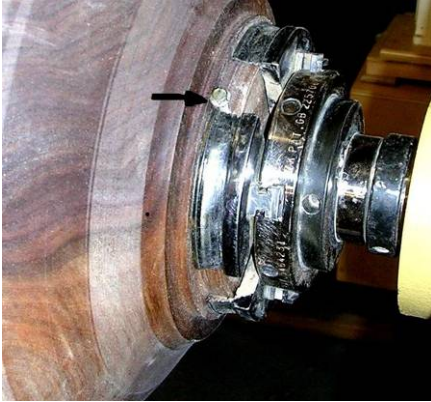

McNaughton

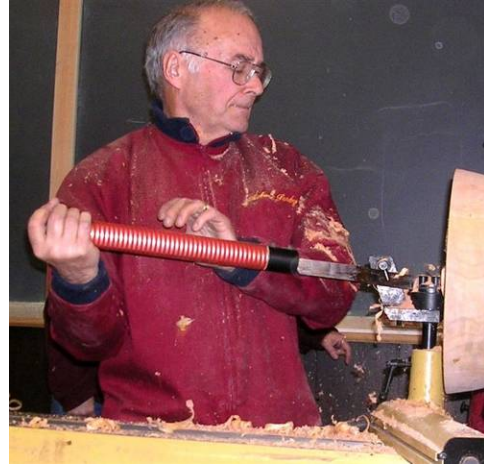

Woodcut

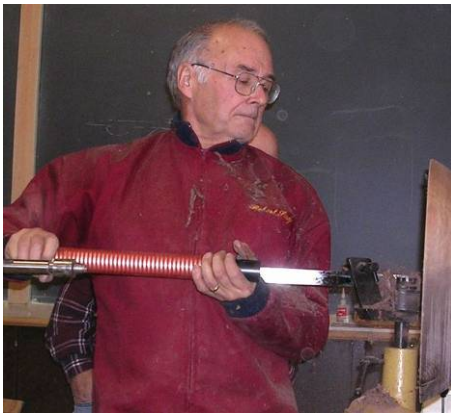

Oneway Cutter

Screw in tenon

McNaughton

McNaughton

McNaughton cutter

McNaughton

Thanks Don for your time and effort in providing the group with an informative demonstration.
