The Club offers a wide range of opportunities for its members to improve their turning techniques and enjoy the company of other turners. There are demonstrations at our Club meetings. Renowned guest turners do 6 hour workshops several times during the year at a nominal expense to club members. A free video and text library is available for their use. Members are invited to participate in our monthly wood raffle. All members are encouraged to bring samples of recent work to our 'SHOW & TELL' and become active participants. The Club participates in the American Association of Woodturners and encourages its members to join our parent organization. Many members attend their yearly symposium.

## CLUB MEETING NOTES

Recently, **Bob Brady** suffered an injury from a fall while transporting some wood. He had been in Huntington Hospital where he had surgery to relieve pressure from several blood clots.

Bob has been showing improvement and, since last Friday, is out of the hospital and in a rehab facility in Kings Park/Smithtown. Bob has been finding the rehab very beneficial and has been making daily improvements. While still easily fatigued, he is hoping that he will soon be ready for phone calls and visits.

All of us in the LIWA send our prayers and wishes to Bob for a very speedy and full recovery. And Bob, we need your expert and cogent contributions at our monthly meetings so get well and hope to see you soon.

If you wish to send get well cards or messages, please send to Bob's home and his wife Florence will be they get to him.

To see if Bob is up to a phone or a visit, check with his wife, Florence Brady, at (631) 423-1490
