CLUB CALENDAR

Our next meeting will be on Saturday, July 13th at Bob Urso's house. As customary, please bring a salad or dessert. Lunch will be provided. Bob will have a mini-lathe set up for anyone's use. There will be no mid-month meetings at John's until September. Steve Fulgoni's Summer meeting will take place on August 10th. Lunch will be provided. Steve will demonstrate how to orient grain patterns when cutting up a log. The AAW Symposium will take place on June 27-29 in Tampa, Fla.

CLUB MEETINGS

Long Island Wood turners Association, Inc. is a member of the American Association of Wood turners. We usually meet on the 3rd Saturday of each month at 9AM at the BOCES, Wilson Tech Campus in Dix Hills. Please check our calendar for 2013 meeting dates.

Directions- LIE to exit 51 (Deer Park Avenue). Go east one block on the service road to Westminster Ave.. Turn right and proceed to the BOCES entrance. Turn left and proceed to Bldg "D".

OUR MEETINGS

Our meetings consist of a brief business meeting followed by a "Show & Tell" of member's recent work and a demonstration by members or guest turners. All of our activities promote woodturning and opportunities for members to improve their skills. A wood and/or tool raffle is held at each meeting. A free video and text library is available for member's use. Workshops are also held at member's shops. See the Club Calendar for dates and times.

Our club website is www.liwoodturners.org . It is maintained by Marty Mandelbaum whose e-mail address is [martymande@gmail](mailto:martymande@gmail.com)

Table of Contents

- 2 – May Demonstration
- 3 – Chapter Challenge
- 6 – June Meeting, Personal ADs
- 7 - Puzzle

DEMONSTRATION

Barry Saltsberg - "Turning a Multi-Axis Candlestick"

Barry trued a 2x2x8" tight grained maple blank and divided it into quadrants. He then marked the ends of the quadrants with an awl as reference points. After turning a tenon and placing the blank into a chuck, he drilled a 7/8" hole with a 3/4" bit for the base of the candle. Barry then placed a cone center into the drilled hole and cut through part of the base to flatten it. He repositioned the blank in the first offset position and formed the first offset with a spindle gouge and sanded it smooth. He then repositioned the revolving center in the other 3 holes and repeated the process. Barry applied Odie's oil to the finished turning and recommended waiting 40 minutes before buffing.

Chapter Challenge

The Chapter Challenge for June was spindles.

Barry - eccentric candlestick

Mike L. - "Tommy McGuire" bowl, 2 pepper mills, segmented bowl, 2 Celtic knot rolling pins

Mike J. - small finial

Martin - ash goblet

Brian - juniper vase

Paul - beertap handles, tool handle, walking stick handle

Pete - cherry bowl, small walnut bowl w/mineral inlay

Tony G. - 8 turned pens

Don - cedar vase with decoration, yellowwood dishes and platters, box elder nested bowls

Carl - newel post, 2 balusters, split turning for a mantle, cherry burl bowl w/rim, ambrosia maple bowl w/ wide natural rim

Charlie - 2 large footed cherry bowls

Mike D. - copper beech walking stick-stained

June Meeting

The Chapter Challenge for the July meeting will be any 2"x2"x2" turning. Please bring these items and any other pieces to Bob Urso's for the Show & Tell. Pete Richichi has asked members to forward any ideas/suggestions for upcoming demos.

Steve asked for anyone who wishes to contribute their expertise in improving the Newsletter to contact Brian Roth, our incoming editor. Brian also is seeking any useful tips or jigs that would help other members.

Former member Frank Gaizo is selling all of his workshop tools since he is moving out of state. You will see his items for sale in the Personal Ad Section
