CLUB CALENDAR

Our next general meeting will be January 11, 2014 at BOCES at 9:00 am.

CLUB MEETINGS

Long Island Wood turners Association, Inc. is a member of the American Association of Wood turners. We usually meet on the 3rd Saturday of each month at 9AM at the BOCES, Wilson Tech Campus in Dix Hills. Please check our calendar for 2013 meeting dates.

Directions- LIE to exit 51 (Deer Park Avenue). Go east one block on the service road to Westminster Ave.. Turn right and proceed to the BOCES entrance. Turn left and proceed to Bldg "D".

OUR MEETINGS

Our meetings consist of a brief business meeting followed by a "Show & Tell" of member's recent work and a demonstration by members or guest turners. All of our activities promote woodturning and opportunities for members to improve their skills. A wood and/or tool raffle is held at each meeting. A free video and text library is available for member's use. Workshops are also held at member's shops. See the Club Calendar for dates and times.

Our club website is www.liwoodturners.org . It is maintained by Marty Mandelbaum whose e-mail address is [martymande@gmail](mailto:martymande@gmail.com)

Table of Contents

- 2 – General Business
- 2 – Meeting Schedule
- 3 – Demonstration
- 8 – Chapter Challenge
- 9 – Holiday Party
- 10 - Fundraiser for Mike Kirshbaum

General Business

Our meeting in February has been cancelled due to BOCES being closed on Saturdays for that month. We have re-scheduled our outside turners for January 11, 2014 at 8:30AM. It will be a demonstration of jewelry making by Alan and Lauren Zenreich. Steve will let us know if a meeting and demo can be scheduled for February at his warehouse or some other location.

Several members will be traveling to Tennessee for their February symposium. Speak to John Kowalchuk if you are interested.

Totally Turning will take place on March 29 & 30 in Saratoga Springs. There will be 14 demonstrators and also the Woodworkers Showcase. Check out www.totallyturning.com to register for the demos.

As a tribute to Bob Brady, approximately 300 bowl and spindle blanks will be handed out to members so they can be finished and returned to the club in March and April.

Ken Deaner received an award from the club for his service as president from 2007-2012.

Meeting Schedule

December 14 - This will be our holiday meeting and Steve Costello has volunteered to purchase the food. Ken Deaner will be doing a demonstration on embellishing your turnings.

January 11

February 8 - CANCELED

Demonstration

Dressing up your Turnings, with embellishment

Ken Deaner

Ken showed the attendees how to add additional details to a wood turning. The details can be wood burning, carving, and coloring.

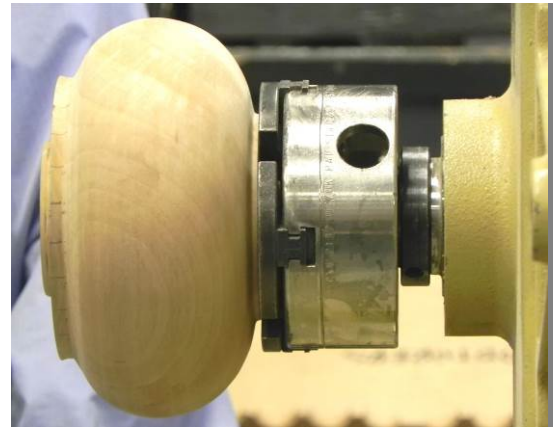

Ken utilizes a sample board for every turning that he will add carving and such. What is a sample board you may ask? A sample board is a piece of the wood that the turning came from. A grid is drawn out and numbered on the board. Ken would then try different carving and wood burning techniques one at a time per grid space. From doing this you can determine which effect works well with the material that was turned, and decide which technique you will use.

Sample Boards

Look how Ken holds the carver, he has full control.

Laying out the design and marking where to carve is crucial to success.

Ken is grinding out the feet.

With Patience and skill, this is what you can create.

Adding A New Dimension To Turned Work

1. Rotary Texturing/carving

A. Using a sample board

a. Types of bits and pieces

1. Stump cutter- carbide with some teeth
2. Typhoon/saburr tooth – carbide cilia like arms
3. Shaping wheel carbide with holes
4. Rotary chisels carbide triangular
5. Modeler's rasps – hand cut
6. Micro Planes – "v" half round, flat, square
7. Sanding drums
8. Mini grinder – Two tooth carbide cutter and Saburr Tooth cutter

Note : Don't waste your money on Carbide Nuggets, Kutzall Roughout Burrs, or very coarse cutters. They are too aggressive and have a tendency to be jumpy causing more harm than good.

- | | |
|---------------------------------|-----------------------|
| 1. Dremel Shaping wheel | 7. Burr 1X Round |
| 2. Typhoon Round | 8. Burr |
| 3. Carbide 2X Cut Square | 9. Saburr Tooth Burr |
| 4. Stump Cutter | 10. Router bit |
| 5. Carbide Burr (single) 1X cut | 11. Saburr Tooth Burr |
| 6. Stump Cutter <i>(small)</i> | 12. Burr 1X |
-

Burning Samples-

13. "v" 14. Diamond 15. Saw tooth 16. Bird tracks 17. "U" 18. Reciprocate carve add black and red marker. 19. Nail Head
-

2. Reciprocating/hand carving

a. Roughing – handled or power

b. Detail – handled or power

c. Mallet Type

“V”, Sweeps, “U gouges” and Skews

Note: Sharpens very differently than turning tools. Hone and strop by hand on a stone. Strop on leather wheel or water grind. Never reshape unless dropped or chipped.

Brands/Tools

Foredom – Rotary TX 15,000 RPM, 1/3 hp H. 30 hand piece

Master Carver 26,000 RPM ½ HP Weecheer Reciprocating hand piece

Ram Micromotor – 35,000-45,000 rpm

Proxon Mini Grinder

Detail Master- Excalibre – burner – vented pens, Leisure Time Products
Illinois, Create a tip – Treeline – sells wire as well

Optivisor - #4 - 1/4" round carbide (THANKS ANNOUNCE)

Flexcut Carving tools

Trent Bosch carving stand

Prisma Pens

Bowl 1 – Insert chuck into carving stand

a. Carve coves on side of bowl –

1. ½ in. carbide cutter – Saburr tooth
2. ½ in. micro plane
3. ½ in. sanding sleeve

- b. Burn rim indexed lines with skew – Use black marker on every other space. Use #9 Ball cutter to pattern and color blue, red, green, silver

Bowl 2

- a. Carve scallops sand or microplane

Bowl 3.

- a. Burn Diamond Pattern

Bowl 4

- a. Burn "U" to "S"

Bowl 5

- a. Footing bowl – Turn base tenon down and turn center of base down leaving $\frac{1}{2}$ inch indexed rim.
- b. Use flush cut saw to define 4 feet
- c. Use proxon mini grinder to carve feet using.

December Chapter Challenge - Ornaments

The Chapter Challenge for January is a sample board of textures.

Ken - X-mas soldiers, mahogany menorah

Mike J. - yarn bowl, mineral inlaid platter, 2 captive-ring goblets

Paul - 3 sea urchin ornaments, x-mas tree

Les - cherry bowl, Azek footed dish, Cumaru menorah

Martin - off-center snowman and x-mas tree

Don - x-mas ornament

Pete - 2 x-mas ornaments

Barry - 2 spalted maple bowls, x-mas ornament, large menorah

Brian - top, candle holder

Sandra- 3 x-mas ornaments

Holiday Party

It is a tradition for all of the wood worker elves to get together and have a feast before the holiday season ends. As you can see from the pictures all of the elves ate very well

Fundraiser for Mike Kirshbaum

Individuals brought in tools that are not used any more to auction off to raise money for Mike. We had several large tools brought in, as well as many hand tools. The auction went off without a hitch, and we want to thank everyone for bring in the tools and for everyone that purchased the tools, to help raise money. In addition to the auction a raffle has been setup to help with the fundraiser. The item raffled is a wood turning that has been worked on by several members.

Item being raffled

Steve has the auctioneer

Happy Holidays

A HAPPY
NEW YEAR

Have a wonderful safe holiday!
